

Dental Plans — Active Employees

Information for:
State Health Benefits Program (SHBP)
School Employees' Health Benefits Program (SEHBP)

ELIGIBILITY

The Employee Dental Plans are available to full-time State employees, full-time employees of a local employer (county, municipality, school board, etc.) that elects by resolution to provide the Employee Dental Plans to its employees and the eligible dependents of these employees. For more information on dental plans offered to retirees, see the *Dental Plans — Retirees* Fact Sheet.

New eligible employees may enroll through Benefit-solver during the first 60 days of employment. If you do not enroll when first eligible, you have the option to enroll during the annual SHBP/SEHBP Open Enrollment period. Open Enrollment is normally held in the fall, with coverage effective the following January.

If you do not enroll because of other dental coverage and later lose that coverage, you can enroll by submitting a form within 60 days of the loss of coverage.

Once enrolled, you and your eligible dependents must remain in the dental plan you elect for a minimum of 12 months before you can change plans or drop coverage. In the event that you wish to change dental plans, you will not be permitted to do so until the Open Enrollment period following the 12-month period.

Note: Duplicate coverage within any New Jersey State-administered dental plan is not permitted. An individual may be covered as an employee or as a dependent, but not as both an employee and a dependent. Children may only be covered by one parent.

DENTAL PLAN CHOICES

You have a choice between two types of dental plans:

- A Dental Plan Organization (DPO); or
- The Dental Expense Plan.

Dental Plan Organizations (DPOs)

The DPOs are companies that contract with a network of providers for dental services. There are several DPOs participating in the Employee Dental Plans from which you may choose. Participating DPOs are listed in the *Employee Dental Plans Member Guidebook*, available on the New Jersey Division of Pensions & Benefits (NJDPB) website at: www.nj.gov/treasury/pensions

In order to receive coverage, you must use providers who participate with the DPO that you select. Be sure you confirm that the dentist or dental facility you select is taking new patients and participates with the SHBP/SEHBP Employee Dental Plans, since DPOs also service other organizations.

When you use a DPO dentist, diagnostic and preventive services are covered in full. Most other eligible expenses require a copayment. See the “Dental Plan Comparison” chart later in this fact sheet. In addition, orthodontic treatment is covered for both children and adults, subject to a copayment.

If your dentist drops out of the DPO, you must select another participating dentist from the DPO. If there are none available within 30 miles of your home, or

if you move and your DPO cannot provide a dentist within 30 miles of your home, you may change plans immediately.

Dental Expense Plan

The Dental Expense Plan is a Preferred Provider Organization (PPO) plan administered by Aetna Dental. The plan allows you to choose any licensed dentist for your dental care; however, you will pay less if you use an in-network provider. There is a deductible to satisfy for some services, and some services are eligible only up to a limited amount. The annual plan deductible is \$50 per person/\$100 per family in-network, and \$75 per person/\$150 per family out-of-network. The deductible does not apply to diagnostic, preventive, and orthodontic services. After you satisfy the annual deductible, you are reimbursed a percentage of the reasonable and customary charges or PPO-contracted allowance for services that are covered under the plan.

The Dental Expense Plan provides for the following benefits:

- Diagnostic and Preventive Services are paid at 100 percent (in-network) of the PPO-contracted allowance and 90 percent (out-of-network) of the reasonable and customary allowance, with no deductible;
- Basic Services such as fillings and extractions are paid at 80 percent (in-network) of the PPO-contracted allowance and 70 percent (out-

of-network) of the reasonable and customary allowance, after deductible;

- Major Restorative Services, such as crowns, are paid at 65 percent (in-network) of the PPO-contracted allowance and 55 percent (out-of-network) of the reasonable and customary allowance, after deductible;
- Prosthodontic Services for new or replacement dentures are covered at 50 percent (in-network) of the PPO-contracted allowance and 40 percent (out-of-network) of the reasonable and customary allowance, after deductible. Repairs to existing dentures are covered at 80 percent (in-network) of the PPO-contracted allowance and 70 percent (out-of-network) of the reasonable and customary allowances, after deductible;
- Periodontics (treatment of gum disease) is covered at 50 percent (in-network) of the PPO-contracted allowance and 40 percent (out-of-network) of the reasonable and customary allowance, after deductible;
- Orthodontics are available after you have been a full-time employee for 10 months (with no deductible), but only for your children under the age of 19. Orthodontic services are reimbursed at 50 percent (in-network) of the PPO-contracted allowance and 40 percent (out-of-network) of the reasonable and customary allowance, and have a separate \$1,000 in-network and \$750 out-of-network individual lifetime reimbursement benefit maximum; and
- Benefit Maximum per covered individual is \$3,000 annually in-network and \$2,000 out-of-network for a maximum of \$3,000 combined in and out-of-network. This maximum applies to all eligible services except orthodontic, which has a separate \$1,000/\$750 individual lifetime benefit maximum.

With the exception of emergency care, if your Dental

Expense Plan treatment includes charges that are expected to cost more than \$300, it is strongly recommended that your dentist file for predetermination of benefits with Aetna. With advance approval you will know what services are covered and what payments will be made.

When you use an in-network dental provider, you only pay the provider any applicable deductible and the appropriate coinsurance based on the discounted fee, thereby reducing your out-of-pocket cost. In many cases the in-network dental provider will submit the claims directly to Aetna, eliminating the necessity to file claim forms. To find an in-network provider, call Aetna at 1-877-782-8365.

PREMIUM COSTS

For employees of the State, the premium cost for dental plan coverage is shared between the State and the employee. The amount of your payroll deduction is available from your human resources representative or benefits administrator. Dental rates are also posted on our website.

State employee premiums can be paid on a pre-tax basis through participation in the Premium Option Plan (POP) of Tax\$ave, a benefit program available under Section 125 of the federal Internal Revenue Code (IRC). Participation in the POP is automatic unless you file a form declining participation. The Internal Revenue Service (IRS) strictly regulates enrollment in the POP and prohibits any benefit changes outside of an Open Enrollment period or unless a qualifying life event occurs (e.g., loss of other coverage, marriage, divorce, etc.). The *Tax\$ave* Fact Sheet explains the POP in more detail.

For employees of a participating local employer, the premium cost for dental plan coverage will vary based upon the policies of that employer, with regard to health benefit costs and any labor agreements between the employer and the unions representing the employee. Employees of a participating local employ-

er should see their human resources representative or benefits administrator for more information.

CHOOSING A DENTAL PLAN

Your choice of a dental plan is a personal decision. In deciding whether to enroll and which plan to choose, you should consider:

- The nature and amount of your anticipated dental expenses for the next year;
- The covered services provided by the Dental Expense Plan or a DPO;
- The differences in out-of-pocket costs for each type of plan; and
- The degree of flexibility that you may want in selecting a dentist.

You can use the “Dental Plan Comparison” chart later in this fact sheet to compare benefit levels under each type of dental plan. If you choose a DPO, you must select a dentist who participates with that particular DPO and who can accept you and your dependents as patients.

The following chart provides a summary description of a variety of dental services under the two types of dental plans offered by the Employee Dental Plans. The chart is not complete and does not describe all the benefits, limitations, or conditions associated with coverage under either type of plan. Please refer to the *Employee Dental Plans Member Guidebook* for additional details.
