

MAKE THE CALL TO FIGHT FOR AFFORDABLE HEALTHCARE

609-292-6000

We're fighting to fix the State Health Benefits Plan to help address the NJ healthcare affordability crisis.

Thousands of CWA members are rallying at the State House Annex TODAY in Trenton, so even though we can't be there in person, we need to take action alongside them!

**CALL GOVERNOR SHERRILL'S OFFICE AT
609-292-6000**

Tell the person who answers the phone:

I'm calling to urge Governor Sherrill to do everything in her power to fix the State Health Benefits Plan and support the first step of reform by June 30th!

Healthcare costs have become unbearable for New Jersey's public workforce, and keep increasing each year. We need to work together for a lasting solution.
